The Rocky Run Y field is in need of maintenance. This field needs to be leveled and improved for play for next season. Volunteers are needed with coaches and parents participating.

The infield should have Diamond Tex dirt for the playing area, new fencing, etc. Approval from the Rose Tree Media School District is required.

The Junior field at Barrall is being considered for a complete skinning to improve the play at this field for next season. Media Borough must approve this ambitious project before maintenance can begin. The League will submit a proposal ASAP.
